Bally's Resort & Casino, Las Vegas, NV

Improving Emergency Department Flow for People with Behavioral Health Problems

This special one-day program is designed to help teams of Emergency Department health care professionals and administrators assess challenges and better organize operations to respond to the needs of individuals and produce better outcomes.

- Learn proven evidence-based practices from a distinguished and experienced group of expert faculty
- Discover procedures and protocols to de-escalate crises
- Address Joint Commission standards
- Reduce staff stress and injury

Registration (before November 15) \$399; after \$499

Presented in coordination with the
9th Annual National Update on Behavioral Emergencies Conference, Dec. 12-14
Special package registration for both programs available
